

**ANEX 3****Quantities and Cargo Delivery Schedule**

Total quantity to be delivered: - 4,000 metric tons of HFO  
Delivery availability period - 3 months from the date Cargo-I delivery

The estimated schedule for cargo delivery is as follows:

	Cargo-I	Cargo-II	Cargo-I-III
<b>Delivery Day</b>	1	21	42
<b>Quantity metric ton HFO</b>	1200	1000	1800

Maximum daily delivery - To coordinate with the operator / 24 hour standby

Maximum local delivery; - Two (2) trucks at the same time, 7m<sup>3</sup>/hour

**Note:** *The above schedule is presented just for reference, as the best possible case. The contractual delivery term will be the "Delivery Availability Period" (3 months from the date of delivery of Cargo-I)*
